

A low profile hatch with a patented advantage

A more durable, higher quality low-profile hatch is simply not available. The VOYAGER series of hatches combines a low-profile with a patented locking tie-down assembly and, on larger hatches, a patent-pending spring arm that allows the hatch to open a full 180 degrees.

FEATURES

- 316L Stainless Steel lid.
- Extruded aluminum base.
- Spring arm allows hatch to open 180°. (16 1/2" and larger hatches only).
- US PATENT #6105529
- Smoke acrylic lens.
- Patented locking tie down assembly.
- Inside/outside opening option.
- Trim ring and screen available.
- CE approval available. Please specify when ordering

Hatches

VOYAGER SERIES
